Safety and Care Advice

Important – Please read these instructions fully before starting assembly

Remove all fittings from the plastic bags and separate them into their groups.

Keep children and animals away from the work area, small parts could choke if swallowed.

Do not stand or put weight on the product, this could cause damage.

Do not place furniture directly in front of radiators, fires or any other source of heat.

Dispose of all packaging carefully and responsibly.

General care and maintenance

Vacuum or brush your upholstery weekly as accumulated dirt will accelerate wear and dull colours.

Avoid exposing your furniture to direct and prolonged periods of sunlight and heat sources as fading may result.

Rotate and plump-up cushions regularly to prevent uneven wear and excessive soiling.

Do not sit on arms. Avoid sharp objects.

SPOTS AND SPILLS

DO NOT RUB. Carefully soak up any spillage by gently blotting with a clean, dry, absorbent cloth. Do not use a wet cloth.

Colour variation may occur between the cleaned and uncleaned sections. Ironing whilst damp will help remove excess creases.

PROFESSIONAL CLEAN ONLY.
